Some Happy Campers...

Taking art classes with Carmella was an extremely positive experience for me. She is a talented instructor who encourages individual creativity while providing a very calming environment in her studio. I highly recommend taking classes with Carmella. She is an instructor who inspires and supports her student's decisions during their creative process, while providing the proper tools and guidance to help them reach their goals. - Shaunah Stolaroff, Designer

As the mother of a very creative budding artist I was so gratified when Carmella Weintraub captured Erin-Kate's love of color, design, and creativity. In her weeklong summer camp all the girls were able to express themselves through their art in a non-threatening, caring and creative environment. My daughter was always eager to go and explore her own design and color ideas. Carmella was there for her as a teacher, mentor, friend and collaborative facilitator. She wove all the pieces together so that the girls felt whole and complete at the end of the week. - Amy Katzenstein Harrington Parent
